Course Progress and Intervention Policy and Procedures

1. Purpose

The purpose of Course Progress and Intervention Policy and Procedure ('the Policy') is to clearly outline Chambers School of Business' ('CSB' or 'the School') policy on students; course progress, intervention and regulatory reporting related to unsatisfactory course progress, and to ensure compliance with the relevant regulatory standards such as National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018 ('the National Code 2018') and the Standards for Registered Training Organisations (RTOs) 2015.

2. Scope

This Policy and its related procedures apply to all staff and enrolled students participating in units of competency in all courses of study at CSB.

3. Policy Statement

All students enrolled at CSB must demonstrate that they are progressing in their course as per regulatory and CSB requirements. This Policy provides a framework to CSB to monitor students' course progress, implement Intervention Strategies to assist students at-risk of failing to meet course progress requirements and report international students who do not achieve satisfactory course progress

4. Policy Principles

- 4.1 CSB acknowledges that the early identification and allocation of required support to students who are at risk of not making satisfactory progress provides them with the best chance of achieving course objectives. CSB provides support systems, resources, and choices available to assist students who are at risk of not achieving, or who have not achieved required satisfactory academic status.
- 4.2 This Policy describes the management of student progress and appeals. The objectives of this Policy are to define the requirements and definitions used in determining satisfactory course progress by:
 - a. identifying the requirements for maintaining required satisfactory course progress;
 - b. describing how early identification and intervention will be achieved for students at-risk of not achieving and maintaining satisfactory course progress;
 - c. describing the circumstances which will result in a student having an academic status of unsatisfactory course progress and the requirements to be fulfilled to return to satisfactory course progress level;
 - d. identifying the consequences for a student of not returning to satisfactory course progress level;
 - e. identifying the criteria for a student to appeal against conditions imposed on their enrolment, or having their enrolment cancelled
- 4.3 CSB will systematically monitor students' course progress. This means that CSB will be proactive in notifying and counselling students who are at risk of failing to meet their course progress requirements. In addition, CSB will report students who have breached the course progress requirements as outlined in ESOS National Code 2018.

5. Procedures

- 5.1 CSB's Principal or nominee will monitor and assess the course progress of students for each course in which students are enrolled.
- 5.2 As a minimum, the Principal or nominee will assess each student's progress at the end of each study period (10 weeks). However, CSB believes that it is more important to assist students throughout their period of study so that students are in the best position to achieve their academic goals within their enrolment period.
- 5.3 CSB's Trainers & Assessors will regularly assess their students' progress on an individual basis to determine whether their students are able to complete their studies within their period of enrolment.
- 5.4 Whilst unsatisfactory course progress is often defined as not demonstrating competency in 50% or more of the course requirements in a study period, CSB intends to continuously evaluate students' performance during and throughout each study period. On this basis, where necessary, CSB will evoke its intervention strategy that will be specifically designed to assist students in achieving their academic goals.
- 5.5 CSB's intervention strategy for any student who is not making satisfactory course progress will be made available to all relevant staff and students, and will specify:
 - a. the procedures for contacting and counselling students;
 - b. the strategies to assist students in achieving satisfactory course progress;
 - c. the processes by which the intervention strategy will be activated.
- 5.6 CSB's intervention strategies may include:
 - a. attending academic skills sessions;
 - b. attending additional tutorials or study groups;
 - c. receiving individual case management;
 - d. attending academic counselling;
 - e. receiving assistance with personal issues which might be influencing course progress;
 - f. a combination of the above.
- 5.7 An intervention meeting will be held between the concerned student and the Academic Coordinator a student found as is not maintaining satisfactory course progress.

6. Procedure for Issuing Written Warnings

- 6.1 First Written Warning: Upon reviewing students' academic progress at the end of a study period (10 weeks), any students identified as less than 50% course progress, will be issued with a First Written Warning via E- mail. The First Written Warning will include:

If the Trainer & Assessor believes that the student has not, in good faith, implemented the agreed strategy(s), the Trainer & Assessor will deem the student has breached the Intervention Agreement and, therefore, has failed to make satisfactory course progress;
 - c. if the agreed intervention strategy(s) is breached by the student and, at that time the Trainer & Assessor also assesses them as not being able to complete their study within their period of enrolment, the Trainer & Assessor will bring this to the notice of the Academic Coordinator.  - instructions for seeking further information or clarification;
 - instructions for appeals.
- 6.5 If, however, the student returns to satisfactory course progress status as a result of the intervention strategy(s), the Trainer & Assessor is to closely monitor the student to ensure student remains at satisfactory course progress status and no further actions will be required.
